DEFINITIONS

Definitions applicable to this Investment Plan can be found on the ONE Investment webpage under Education & Training / Glossary.

2

PURPOSE

As required under the prudent investor regime authorized by the Municipal Act, 2001 (Act), and Ontario Regulation 438/97 (Regulation), this Investment Plan (Plan) establishes how ONE JIB will invest the Town of Huntsville's Money Not Required Immediately (MNRI) as defined in section 5.2 of Huntsville's Investment Policy Statement (IPS).

This Plan applies to all investments controlled and managed by ONE JIB on behalf of the Town of Huntsville.

3

RESPONSIBILITY FOR PLAN

This Plan is the responsibility of ONE JIB, which has authorized its agent, ONE Investment, to exercise its administrative investment functions in accordance with the Regulation. ONE JIB oversees ONE Investment staff using procedures, reports, and regular reviews to monitor compliance with the Act, the Regulation and the Town of Huntsville's IPS.

ONE Investment has engaged PH&N Institutional to provide OCIO services. PH&N Institutional is the business division of RBC Global Asset Management responsible for managing assets for Canadian institutional clients. PH&N Institutional will be involved in implementing the Investment Plan, monitoring and reporting investments, and providing ancillary services to support the OCIO Offering.

RBC GAM's investment professionals are committed to providing each client with investment solutions that are appropriately tailored to address the client's investment situation. This means understanding macroeconomic trends and strategies and the diverse and evolving investment needs of clients.

4

INVESTMENT GOALS AND OBJECTIVES

The Town of Huntsville's investment needs, as described in its IPS, provide Council's guidance to ONE JIB in determining investment allocations. Further guidance from the MCQ and dialogue with the Treasurer informs ONE JIB about Huntsville's current goals, objectives, circumstances, and risk tolerance and helps determine investment allocations. The allocation of Huntsville's MNRI in this Plan is consistent with the details as disclosed in Huntsville's IPS and MCQ. Section 5.2.1 of Huntsville's IPS provides specific information that characterizes the objectives for MNRI, as detailed in Table 1 below:

Table 1: The investment objectives for MNRI.

Category	Objective & Risk Tolerance
Objectives for overall MNRI	<ul style="list-style-type: none"> • Preservation of capital • Adequate liquidity of investments, but has no known near-term liquidity needs • Diversification by asset class, market sector, issuer, credit quality, and term to maturity • Achieve capital appreciation and income while managing risk to an appropriate level. • Able to assume a moderate risk profile to emphasize longer-term capital growth
Objectives for reserves to fund the local share of the Hospital	<ul style="list-style-type: none"> • Growth of capital is a key objective. • Returns should at least match inflation • The investment horizon is 10 years or longer

The MNRI invested with ONE JIB will be broadly diversified by asset class, market, sector, issuer, credit quality, and term to maturity to help reduce the volatility of investment returns. Returns impact revenues and have a longer-term impact on future years' budgets and should, at a minimum, keep pace with inflation. The MNRI shall be invested to obtain a progressively higher rate of return for longer-term investment horizons, commensurate with stated risk tolerances.

The MNRI balances will be invested primarily to achieve capital growth over time. Achieving returns above inflation is a key investment objective, but near-term liquidity from investments likely will not be required.

5

INVESTMENT PORTFOLIO

Asset allocations are typically expected to be relatively stable until the next annual review. Any contributions or withdrawals of MNRI must be communicated to ONE JIB formally as outlined in the ONE JIB Withdrawals of Money Not Required Immediately (MNRI) Policy

5.1 Account Structure

MNRI Investment Horizon	Risk Tolerance / Model Assigned	Allocation
Consolidated MNRI Holdings	Model D (40% Equity) assigned.	\$11,165,848

Other considerations:

- Huntsville will not be contributing or withdrawing MNRI as part of the Investment Plan update at this time.
 - The Treasurer anticipates making \$1,000,000 contribution to MNRI later in 2025, which will also be invested in Model D.
 - The Treasurer will confirm this contribution at a later date by submitting a mid-year MCQ update form with the relevant details.
- No drawdowns are expected within the next 5 years.
- Some drawdowns are likely to occur beyond 5 years, but the size and magnitude are difficult to project with certainty at this time.
- MNRI, representing the local share of hospital reserves, will grow over time. Investment gains on MNRI will contribute to building these reserves.
 - The local share of hospital reserves will not be required for at least ten years, and possibly longer.
- The Town has three significant projects the council is considering, including a roads operations centre, a new fire hall, and a new library. The council has yet to approve these projects.
 - It is currently unclear how these projects would be financed or how they may affect MNRI, which creates notable uncertainties for planning.
- Council has not yet approved the use of long-term Alternative Investments in allocations.
 - Huntsville's allocations will exclude long-term alternative investment exposure.
- The Town has allocated \$4.6 million to the hospital reserve but will contribute additional MNRI to build this reserve to \$10 million over time.
